## PROJECTS

1. **Graffiti Detection** using OpenCV during internship at **Visio AI**.
2. **Image Captioning** using RNNs as a mini project for **Machine Learning** Course under the guidance of Dr.Koshy K George.(In progress)
3. Worked on building a Simulator for **AT697F** processor during internship at **CORI**.
4. **Human Counter** using OpenCV during internship at **Visio AI**.
5. **Sun tracking solar panel** using AT89C51 microcontroller and LDRs as a mini project for Microcontrollers Course.
6. **Fruit Plucking Robot** for **JED-I**(Joy of Engineering and Design) lab using Arduino Uno and Image processing using OpenCV.

---

## TRAINING AND INTERNSHIP

- Interned at **Visio-Ai**. **Bangalore,India**
- Interned at **CORI**(Crucible for Research and Innovations),PES University. **Bangalore,India**
- Completed Minor Course in Computer Science for these courses: Data structures,DBMS,Algorithms,Operating Systems
- **Online Courses:**  
Opencv3.3 through official website.  
Machine Learning by Andrew NG( Stanford University)-Pursuing.
